## A Little History

*The biennial Hilber Family Reunion started because Clarissa Hilber was looking for a way to make sure that her 11 children did not lose touch after they left home. The first event was held 37 years ago in the summer of 1975 to celebrate the retirement of Jack Hilber. Bernie & Donna Hilber were expecting their first child (Cindy) and of course the family met at a golf course. The picture to the left was taken at that gathering.*
